

Product Information

Lipopolysaccharide / LPS Mouse anti-Salmonella Monoclonal (1E6) Antibody

CAT#: ANT15

Lipopolysaccharide / LPS mouse anti-salmonella monoclonal (1E6) antibody is an unconjugated mouse monoclonal antibody to salmonella LPS (Lipopolysaccharide).

Product Information

NavID	Monoclonal Antibody to LPS
Category	Monoclonal Antibody to LPS
Host	Mouse
Reactivity	Salmonella
Clonality	IgG1 Monoclonal
Clone Number	1E6
Immunogen	Lipopolysaccharides (LPS) of <i>S. typhimurium</i> .
Conjugations	Unconjugated
Form	Unconjugated, Unmodified
Storage	4°C
Concentration	6 mg/mL
Size	0.2 mg
Specificity	LPS of <i>S. typhimurium</i>
Purify	Protein A purified
