

## Product Information

### Lipopolysaccharide / LPS Mouse anti-Chlamydia Monoclonal (1816561) Antibody

**CAT#:** ANT17

Lipopolysaccharide / LPS mouse anti-chlamydia monoclonal (1816561) antibody is an unconjugated mouse monoclonal antibody to chlamydia LPS (Lipopolysaccharide). Validated for IF and IHC.

#### Product Information

<b>NavID</b>	Monoclonal Antibody to LPS
<b>Category</b>	Monoclonal Antibody to LPS
<b>Host</b>	Mouse
<b>Reactivity</b>	Chlamydia
<b>Clonality</b>	IgG1 Monoclonal
<b>Clone Number</b>	1816561
<b>Immunogen</b>	Chlamydia trachomatis LPS.
<b>Conjugations</b>	Unconjugated
<b>Form</b>	Unconjugated, Unmodified
<b>Application</b>	IHC, IF
<b>Storage</b>	-20°C, 4°C
<b>Size</b>	200 ug
<b>Specificity</b>	Reactive with Chlamydia pneumoniae and Chlamydia psittaci. Specific for LPS, Genus specific.
